

AMENDMENT TO THE SPECIFICATION

Please replace paragraph [0006] on page 2 of the specification with the following, marked-up paragraph:

[0006] This problem is solved by the security element having the features of the embodiments described herein ~~main claim~~. A security paper for producing security documents, a document of value having such a security element, and a production method for such a security element are subject matter of the independent claims. A further aspect of the invention is a printing ink having optically variable coloring pigments and a production method for such a printing ink. ~~Developments of the invention are subject matter of the subclaims.~~
